### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

#### **In the Specification**

On page 1, line 5 as numbered, insert ---Background of the Invention---

On page 2, line 5 as numbered, insert ---Summary of the Invention---

On page 4, before line 1 as numbered, insert ---Brief Description of the Drawings---,  
in line 23 as numbered, insert ---Description of the Preferred Embodiment---

#### **Reasons for Allowance**

The following is an examiner's statement of reasons for allowance: The claimed wiper device is not taught by the prior art. In particular, one that employs a washer as means for limiting pivoting of an arm part about a first axis relative to a driver in a direction away from a surface to be wiped. The washer is mounted on a shaft which actuates the driver over an angular range and is fixed to the driver. The washer further includes abutment means for engagement by said arm part to limit pivoting of the arm part on the driver.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
